The AMA seal of quality stands for sustainability and regionality. It doesn't get any fresher than this. Crisp vegetables, fruit, meat, dairy products, eggs, fish and game come directly from the region without long transport routes. That's what AMON and the AMA seal of quality stand for - a connection you can taste. You can feel it right away, the passion for the craft, the products and the new creations from the kitchen. A visit becomes a culinary moment of pleasure.

For us, your enjoyment begins in the field - because what goes on your plate has always been important to us!
